

## ART HOLES

Creators diagram where they work  
by Yuka Yamaguchi

My drawing desk sits by a window on the second floor of the house. Most of the time here in Saskatchewan, the view is covered with snow. It gives me a white canvas to imagine and create.

**Yuka Yamaguchi** was born in Kobe, Japan. She immigrated to Canada in 2002. She now lives in Saskatoon, Saskatchewan, with her kind husband and three lovely children.
